

Pacita the Pacifier Fairy

A heartfelt story about growing up and learning to let go of pacifiers, complete with 4 pages of bonus material containing expert advice and tips for parents.

With 15 million units sold yearly in the U.S., pacifiers (and how to stop using them) are a popular parenting subject. Since 75% of American kids use a pacifier at some point in their life, it is an evergreen topic and a great inspiration for children's books.

Pacita the Pacifier Fairy, a poetic fairytale created out of the personal experience of its authors Charlotte Attry & Jeremie Febvre, accompanies children and parents along this crucial step in a child's development.

The story of Pacita offers a helping hand to parents, written in catchy rhyming verse and mixing just the right touch of imagination, magical illustrations, and practical advice.
